

MEMORANDUM

March 12, 2003

TO: Governor

FROM: John

RE: Fox hunt

I talked with Bill and Phillip about your remarks at this event. The feeling was that your remarks should be very brief (no more than 5 minutes), and should focus only on hunting and your passion for hunting – nothing about education or jobs. Bill suggested mentioning the bill you signed last December during the special session containing language about suing firearms manufacturers or dealers (see attached language).

Barbour will be at this event.

An extra quote or joke you could use:

- “Whack’em, stack’em and pack’em.” (Ted Nugent)
- “He loves to hunt, but he doesn’t own a gun. He just drives his Chevy down to the deer crossing and waits.”
